REINSURANCE

## Sompo International Reinsurance

Sompo International Reinsurance underwrites casualty, catastrophe, professional lines, property and specialty lines of reinsurance including agriculture, aviation and space, engineering, marine and energy, surety, trade credit and weather risk. Our account management approach and exceptional financial strength enable us to offer a broad multi-line capability to underwrite risks across our clients' insurance portfolios around the globe. We are supported by proprietary analytic and modeling tools and databases and the transactional experience of our underwriting, actuarial, legal and claims professionals.

## Global Professional Liability

With dedicated professional lines underwriters located in key markets worldwide, we support both excess of loss and proportional reinsurance programs across a full spectrum of professional lines products including directors' and officer's liability and related products, all lines of professional indemnity, medical malpractice liability, and many classes of errors' and omissions' coverage.

Our Professional Liability team's approach is built on customer differentiation as an integral component of our underwriting process. We seek partners with sound management practices and strategies as well as effective business processes driving their underwriting, pricing, risk management and claims activities.

We offer significant capacity and look to lead programs or secure an influential position, working closely with our brokers to structure and support reinsurance programs that optimally suit our clients' needs.
