Sompo International Holdings Ltd. (Sompo International) is a specialty provider of property and casualty insurance and reinsurance, established in March 2017 as the result of the acquisition of Endurance Specialty Holdings Ltd. by Sompo Holdings Ltd. (Sompo).

Sompo's core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market. In addition, Sompo is engaged in the provision of insurance services as well as other related services through its global network of businesses operating in 32 countries around the world.

Sompo International is the international operation and a wholly owned subsidiary of Sompo, which trades on the Tokyo Stock Exchange. Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, marine and energy, and casualty and other specialty lines of insurance and catastrophe, property, casualty, professional lines, weather risk and specialty lines of reinsurance.

As a leading global provider of insurance and reinsurance, we recognize that our success is derived directly from those who matter most: our people. Sompo International’s headquarters is in Bermuda and we currently have offices in the United States, the United Kingdom, Continental Europe, and Asia. At Sompo International, a shared commitment to integrity, teamwork, agility, execution, and excellence define our culture, and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

We are seeking a **Ceded Analytics Analyst** for our **New York City, NY** office.

Sompo International’s Ceded Reinsurance team is a globalized customer focused, dedicated and professional organization. The team is responsible for the purchasing and management of Ceded Reinsurance placements. The Ceded Analytics Analyst will help support the day to day activities with variance analysis for the overall ceded treaty results. The positions will report to the Ceded Analytics Manager and is located in New York City.

**Responsibilities include:**

- Assist in the delivery of full ceded reinsurance analytics
  - Help develop full comprehensive analytics
  - Be able to explain variances at all levels that support the business
  - Identify and follow up on areas of concern to ensure accurate financial reinsurance statistics.
- Assist to develop treaty results for all ceded programs
- Collaborate and assist on supporting all reinsurance financials reporting statistics
- Work closely with actuarial reporting as well as support FP&A reporting
- Coordinate with the Ceded Solutions team as well as all areas of Ceded
Desired Skills & Experience

- Bachelor's Degree or equivalent combination of education and work experience
- Experience 3+ years relevant experience in an operational/analytics role with preferred knowledge of Ceded Reinsurance
- Prefer interest and exposure to financial planning & analysis
- Demonstrate an aptitude to the understanding of reinsurance contractual wording and how the programs impact the ceded and net financials
- Ability to be proactive by identifying issues and developing solutions
- Working knowledge of systems and technology utilized within area of responsibility
- Collaborate with internal and external customers; understand the needs and goals of a customer and actively look for ways to meet them
- Experience working on a team
- Strong communicator
- Excellent motivation skills
- Ability to think intuitively
- Excellent written and oral communication skills
