

Aggregation Assistant

Sompo International Holdings Ltd. (Sompo International) is a specialty provider of property and casualty insurance and reinsurance, established in March 2017 as the result of the acquisition of Endurance Specialty Holdings Ltd. by Sompo Holdings Ltd. (Sompo).

Sompo's core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market. In addition, Sompo is engaged in the provision of insurance services as well as other related services through its global network of businesses operating in 32 countries around the world.

Sompo Global Risk Solutions is a global specialty provider of property and casualty insurance and reinsurance. Through its operating subsidiaries, Sompo Global Risk Solutions writes property, casualty, healthcare liability, agriculture, professional lines and surety and other specialty lines of insurance and property, catastrophe, casualty, aerospace and marine, and surety and other specialty lines of reinsurance.

As a leading global provider of insurance and reinsurance, we recognize that our success is derived directly from those who matter most: our people. At Sompo Global Risk Solutions, a shared commitment to integrity, teamwork, agility, execution, and excellence define our culture, and we strive to create exceptional value for our clients and shareholders and maintain Sompo Global Risk Solutions as a desirable place to work.

We are seeking an **Aggregation Assistant** to join our Catastrophe Modelling team in our London office.

This position provides an excellent opportunity for the candidate to develop their knowledge and understanding of Catastrophe Modelling within an insurance operation and work closely with underwriting teams across London, Europe and US platforms by providing analytics to support underwriting decisions.

Duties & Responsibilities

- Pre-modelling of underwriting submissions for Property, Energy, Marine and any other lines as per business needs
- Assist modelling team in ensuring exposure is accurately captured for portfolio roll up
- Ensure that underwriters are provided with a fast and accurate service in modelling information and analytics
- Ad hoc projects as required

Skills, Qualifications and Experience:

- Degree qualified or strong A Levels in a numerical, sciences or natural hazards subject
- Excellent IT skills, particularly in Excel required
- Strong numerical data handling and analysis skills
- Ability to understand and communicate technical concepts
- Ability to work effectively individually and as part of a team

SOMPO INTERNATIONAL

- Strong verbal and written communication skills – position requires interaction with numerous employees on all platforms of business

Sompo International offers a competitive compensation and benefits package commensurate with experience.

Sompo International is an equal opportunity employer committed to a diverse workforce.
