

Exposure Management Analyst

Sompo International Holdings Ltd. (Sompo International) is a global specialty provider of property and casualty insurance and reinsurance. Sompo International companies are wholly owned subsidiaries of Sompo Holdings, Inc., whose core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market.

Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, aviation, marine and energy, financial and political risks and casualty and other specialty and catastrophe lines of insurance and reinsurance. Headquartered in Bermuda, we currently also have offices in the United States, the United Kingdom, Continental Europe, Latin America, the Middle East and Asia.

Sompo International is a company driven by its core values, a carrier that holds promise, trust and the commitment to protect at the center of everything we do. We recognize that our success is derived directly from those who matter most: our people. Our culture is defined by a commitment to integrity, teamwork, agility, execution, and excellence; and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

Responsibilities include:

- Support the production of regular internal and external reporting, which includes accumulation risk packs, regulator and rating agency returns, and other ad hoc reports as required.
- Engaging with business functions where necessary to assist in the collection, assessment, and understanding of reported data.
- Support the evolution of the Accumulation Risk Universe, including supporting the team to build understanding of new or emerging risks, supporting the development and maintenance of disaster scenarios, and enhancing our analytical capabilities for material risks.
- Support the team as required during business planning, event response, risk research, and development projects through the year.
- Ensure data used by the team to support reporting and analytics is accurate and complete, with deficiencies identified and communicated.
- Provide direct support to the Exposure Management Leads in fulfilment of their duties, to the Exposure Management Principal, and the Group Chief Risk Officer.

Desired Skills & Experience:

The candidate needs to have:

- Background in a technical, analytical, or related subject, beneficial.
- Confident user of MS Excel, with experience of programming languages beneficial.
- Good communication skills.
- Good time management skills.
- Problem-solving mindset.
- Capable of working as part of a team or independently under own initiative.

- Intellectual curiosity, including an interest in the key principles and complexities of catastrophe insurance, loss modelling and risk aggregation.

Sompo International offers a competitive compensation and benefits package commensurate with experience.

Sompo International is an equal opportunity employer committed to a diverse workforce.
