

### **Group Head of Capital Modelling**

Sompo International Holdings Ltd. (Sompo International) is a global specialty provider of property and casualty insurance and reinsurance. Sompo International companies are wholly owned subsidiaries of Sompo Holdings, Inc., whose core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market.

Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, aviation, marine and energy, financial and political risks and casualty and other specialty and catastrophe lines of insurance and reinsurance. Headquartered in Bermuda, we currently also have offices in the United States, the United Kingdom, Continental Europe, Latin America, the Middle East and Asia.

Sompo International is a company driven by its core values, a carrier that holds promise, trust and the commitment to protect at the center of everything we do. We recognize that our success is derived directly from those who matter most: our people. Our culture is defined by a commitment to integrity, teamwork, agility, execution, and excellence; and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

The successful candidate will lead the group capital modelling team in providing risk profile insight to the business leadership as they make key strategic decisions across our \$16bn premium general insurance business. The non-regulated nature of the capital model allows the team to focus on servicing the increasing demand for analytics from the leadership team.

- Ensure the view of risk provided by the capital model is reflective of the business profile and fit for purpose
- Ensure timely production of capital model runs
- Ensure appropriate model governance is in place and maintained
- Lead interaction with Group HQ based in Japan

#### **Experience, skills and attributes:**

- Excellent leadership skills
- Ability to forge relationships at all levels
- Excellent at negotiation and conflict management
- Minimum 10 years in house capital modelling experience
- Knowledge of market leading modelling and parameterisation approaches
- Eager to take on responsibility, with energy and determination to succeed in a very fast paced environment
