

Operational Quality Control Analyst

Sompo International Holdings Ltd. (Sompo International) is a global specialty provider of property and casualty insurance and reinsurance. Sompo International companies are wholly owned subsidiaries of Sompo Holdings, Inc., whose core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market.

Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, aviation, marine and energy, financial and political risks and casualty and other specialty and catastrophe lines of insurance and reinsurance. Headquartered in Bermuda, we currently also have offices in the United States, the United Kingdom, Continental Europe, Latin America, the Middle East and Asia.

Sompo International is a company driven by its core values, a carrier that holds promise, trust and the commitment to protect at the center of everything we do. We recognize that our success is derived directly from those who matter most: our people. Our culture is defined by a commitment to integrity, teamwork, agility, execution, and excellence; and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

We are looking for an **Operational Quality Control Analyst** to join our London and Europe Operations team.

Responsibilities include:

- Working collaboratively to ensure that the control framework is maintained and updated.
- Review and tracking of all data quality risk reviews via the Workflow system.
- Spot checking DQ risk reviews, and preparing applicable MI to articulate the results.
- Follow up on the status of data correction tasks (initiated by the DQ reviewers).
- Follow up and reporting on Submissions Centre volumes.
- Review and follow up of PBQAs performed by the outsource providers.
- Assist in gathering of data to support the preparation of MI.
- Assist with the monitoring of underwriter peer reviews.
- Assist with the monitoring and follow up of underwriter authority breaches.
- Assist with the set up of consistent controls across underwriting teams and different locations.
- Assist in the identification, follow up and resolution of exceptions.

Desired Skills & Experience:

The candidate needs to have:

- A good understanding of risks and controls within the insurance industry (previous audit experience preferential).
- London Market knowledge and experience of operational processes and systems.
- Strong data analytical skills.
- Excellent communication skills.
- Knowledge of Microsoft applications is essential.

Sompo International offers a competitive compensation and benefits package commensurate with experience.

Sompo International is an equal opportunity employer committed to a diverse workforce.
