

### **Reserving Analyst**

Sompo International Holdings Ltd. (Sompo International) is a global specialty provider of property and casualty insurance and reinsurance. Sompo International companies are wholly owned subsidiaries of Sompo Holdings, Inc., whose core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market.

Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, aviation, marine and energy, financial and political risks and casualty and other specialty and catastrophe lines of insurance and reinsurance. Headquartered in Bermuda, we currently also have offices in the United States, the United Kingdom, Continental Europe, Latin America, the Middle East and Asia.

Sompo International is a company driven by its core values, a carrier that holds promise, trust and the commitment to protect at the center of everything we do. We recognize that our success is derived directly from those who matter most: our people. Our culture is defined by a commitment to integrity, teamwork, agility, execution, and excellence; and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

Reporting into the Head of Regulatory Reserving, this role will be part of a dedicated team based in London and will benefit from access to shared resources from across the Group reserving team.

#### **Responsibilities include:**

- Work within the Reserving and Finance to manage and compile data sets for the quarterly regulatory reporting process.
- Assist in provision of reserving inputs for group and local regulatory requirements including:
  - Solvency II Technical Provision
  - BMA Economic Balance Sheet Technical Provisions
  - Singapore MAS actuarial opinions
  - Lloyd's Syndicate actuarial opinions
  - International Capital Standard calculation
- Assist Signing Actuaries in each jurisdiction to complete any required reports to support actuarial opinions
- Develop relationships within the Actuarial function and beyond the Actuarial function with Risk, Claims, Finance, and Financial Planning & Analysis and leverage these relationships to enhance an understanding of Sompo International's business and processes.
- Assist in business planning and solvency forecasting
- Where required, assist in special projects that allow for a deeper understanding of trends and emerging risks within the Sompo International portfolio and other special projects as required by the business.

#### **Desired Skills & Experience:**

The candidate needs to:

- Actuarial student with around 3 years' experience, preferably having made good progress with the actuarial exams.
- A background in Insurance is preferred, including some knowledge on insurance regulatory requirements.
- Excellent interpersonal, written and oral communications skills.

- The candidate must be well-organised, with the ability to thrive in a fast-paced environment and consistently meet deadlines without compromising quality.
- Strong IT skills are required, including proficiency with the usual MS Office Products and some programming experience would be beneficial.
- Familiarity with SQL, ResQ and VBA would be highly beneficial.

*Sompo International offers a competitive compensation and benefits package commensurate with experience.*
