

### **Capital Actuary**

Sompo International Holdings Ltd. (Sompo International) is a global specialty provider of property and casualty insurance and reinsurance writing \$16n premium with 9000+ employees operating in 25+ countries. Sompo International companies are wholly owned subsidiaries of Sompo Holdings, Inc., whose core business encompasses one of the largest property and casualty insurance groups in the Japanese domestic market.

Through our operating subsidiaries, Sompo International underwrites agriculture, professional lines, property, aviation, marine and energy, financial and political risks and casualty and other specialty and catastrophe lines of insurance and reinsurance. Headquartered in Bermuda, we currently also have offices in the United States, the United Kingdom, Continental Europe, Latin America, the Middle East, and Asia.

Sompo International is a company driven by its core values, a carrier that holds promise, trust, and the commitment to protect at the centre of everything we do. We recognize that our success is derived directly from those who matter most: our people. Our culture is defined by a commitment to integrity, teamwork, agility, execution, and excellence; and we strive to create exceptional value for our clients and shareholders and maintain Sompo International as a desirable place to work.

The Capital Actuary, based in London, will join Sompo International's Strategic Analytics team. The team is responsible for providing insight to support key business decisions relating to the strategic and topical issues analysing quantitative risk profile of the group. The successful Candidate will liaise with key business stakeholders across all functions including pricing, underwriting, reserving, investments, ceded reinsurance and financial planning to ensure that the Group Capital Model provides an appropriate representation of the business.

#### **Main Duties and Responsibilities**

- Be responsible for ensuring that the capital model represents an appropriate representation of the business to support and influence the wider use of the model (such as for ceded reinsurance purchase or underwriting performance management)
- Foster and maintain working relationships with the various underwriting business units, and other teams within the organisation
- Develop, understand and communicate the risk profile as modelled within the capital model to various stakeholders
- Maintain a feed-back process with the business units by providing and enhancing a "playback" of model outputs
- Support model validation
- Provide support to the wider capital modelling team as required

#### **Skills, Qualifications and Experience**

- Fellow of the IFoA, or equivalent.
- Experience with general insurance actuarial work, including an understanding of commercial lines of business.
- Experience with capital modelling is a plus, but other backgrounds will also be considered.
- Track record of collaboration with underwriting, planning or pricing teams.

- Excellent influencing and relationship-building skills are a must, enabling successful interaction with other departments.
- The candidate must be well organised, proactive and committed to delivering high quality results within deadlines.

Sompo International offers a competitive compensation and benefits package commensurate with experience.

**Sompo International is an equal opportunity employer committed to a diverse workforce.**
