## SUMMER INTERNSHIPS

### Internship With Sompo International

Our Summer Internship Program is a paid, ten week program that offers students the opportunity to enhance their education and obtain hands-on insight into the insurance business. The program incorporates a range of experiences including:

- Classroom and On The Job Training
- Executive Lunch and Learn Speaker Series
- Presentations from Major Brokerages
- Social and Corporate Networking Events
- Mentoring Program
- Community Enhancement Event

Every intern becomes a member of a Sompo International department for the full duration of the program and works on projects that have an impact on the business. From processing policies to meeting with brokers, our interns work alongside their managers to deliver results and apply their classroom experience in real-world situations.

### Projects & Networking

In addition to departmental projects, interns participate on cross-functional team projects working alongside other interns. Each project explores a current Sompo International business need and involves conducting research, developing a thesis and presenting the group's findings to our executive team.

At Sompo International, our employees enjoy sharing their experiences and insights, mentoring our interns and helping them prepare for a career in insurance.

The internship experience culminates at the end of the summer with both an intern-specific social event and a company outing, where interns have the chance to interact with employees from across the organization – and more!

### What Does It Take To Intern At Sompo International?

Some of the qualities that we look for in our summer interns:

- Current matriculating students pursuing an undergraduate 4-year or master's degree
- GPA of 3.3 or higher
- Previous internship experience, preferably within the insurance industry

### What Former Interns Are Saying...

*"I believe that Sompo is a wonderful company with a strong culture, knowledgeable employees, and great opportunity for growth. Every interaction I had with an employee was productive and enjoyable, regardless of their status or role within the company."*

Walker M.

*"Sompo International is a global insurance carrier made up of extremely skilled professionals. I loved the company culture and it was clear to me that Sompo has an impressive reputation within the industry. I feel lucky to have worked for Sompo."*

Sarah R.

*"Sompo is a growing company with lots of talent and an extremely welcoming environment. Sompo really values their employees and helps them grow professionally and achieve their goals. I really enjoyed working at Sompo and my interactions with everyone at the company were very meaningful."*
