

With a dedicated underwriting presence in key markets worldwide and a deep understanding of those markets, our Global Casualty team supports both proportional and non-proportional reinsurance programs across a broad array of coverage segments. In the U.S., we provide reinsurance of **General Liability, Umbrella and Excess, Workers' Compensation, and Auto Liability**. Internationally, we also support **Public and Product Liability, Employers' Liability, and Motor**.

We reinsure both primary and excess casualty insurance portfolios and have a depth of experience across all casualty classes, enabling us to work closely with our brokers and clients to structure solutions tailored to specific needs, including private deals.

This experience coupled with our strong product and territorial knowledge, enables us to quote complex placements and lend value added support to like-minded clients – those with proven cycle management capabilities, a strong focus on underwriting profitability, deep technical pricing/reservicing capabilities and a visible commitment to claims management.
