

## SomPro

---

*Offering a broad range of financial and professional  
lines insurance and reinsurance solutions delivered  
by industry leading specialists around the world*

## Why SomPro?

### Industry Leading Talent

With more than 100 dedicated underwriters and claims professionals in key (re)insurance markets around the world, we bring specialized expertise in the financial and professional lines products and industries where we focus. Our seasoned SomPro teams are empowered with broad underwriting authority to address the unique needs of each client. In addition, our senior executives bring a long-term perspective on the financial and professional lines space based on decades of experience in this market.

### Global Reach

We benefit from the global licensing capabilities of our parent company, Sompo Holdings, Inc., which has 45 licensed entities in 30 countries and is one of the largest P&C insurance companies in the Japanese market. In addition to our own broad licensing capabilities, we also underwrite risks in Europe, Australia, Canada and via our Lloyd's syndicate.

### Dedicated Claims Professionals

Our dedicated in-house professional lines claims team is comprised of seasoned attorneys with extensive industry and product knowledge gained as both private practitioners and claim professionals. We know that professional liability claims can have significant impact on our insureds' reputational and financial health. In addition to responsive claims handling, we work in partnership with our clients, brokers and underwriters to provide insight into claims trends and emerging risks throughout the account lifecycle.

### Multiple Underwriting Platforms

We offer both admitted and non-admitted underwriting options in the U.S., and in Europe we underwrite through our London-based and European subsidiaries as well as through our Lloyd's syndicate, which provides us with access to key insurance markets around the world.

### Flexible Policy Forms

Sompo International offers a broad range of insurance coverage options on both a primary and excess basis to public companies, private companies and not-for-profits, tailored to each account's risk profile. Our modular forms offer flexible policy formats, and we also offer manuscript policy forms for complex risks.

### Reinsurance Capabilities

In addition to our insurance products, we offer significant capacity for excess of loss and proportional reinsurance programs across a full spectrum of professional lines programs, including directors and officers' liability and related products, all lines of professional indemnity, medical malpractice liability, and many classes of errors and omissions coverage. We seek to lead programs with partners who demonstrate sound management practices and effective underwriting, pricing, risk management and claims processes.

*Sompo International underwrites approximately \$1 billion in Gross Written Premiums globally across our SomPro teams.*
