

Sompo ForeSee™

Empowered Risk Management:
Connected Data Intelligence

A connected risk platform offering complete views of your risks in real-time.

The process

- 1 Consultation**
Engage with experts to identify specific risk management needs.
- 2 Innovation Testing**
Participate in pilot programs for continuous learning and strategy development.
- 3 Customized Proposals**
Receive a tailored proposal with strategic IoT and AI solutions for comprehensive risk insights.
- 4 Implementation**
Seamlessly integrate and install selected technologies to enhance risk control efforts.
- 5 Ongoing Support**
Collaborate with Sompo experts to explore innovative risk management solutions.
- 6 ROI Assessment**
Track claim avoidance savings and evaluate the operational impact.
