VALUE-ADDED SERVICE

The Sompo GRS approach is to forge a long-term holistic trading partnership with each account. Instead of basing our relationship on individual products, we offer our lines of business through a multi-disciplinary team focused on a specific industry vertical.

We are committed to providing our clients with:

- Empowered underwriters who understand the technology market and have authority at the point of sale.
- Risk control specialists offering risk management programs tailored to the needs of technology companies.
- Dedicated in-house claims professionals with expertise in our clients' operations and risk exposures.
- White glove service model and technology solutions.
