

With a seasoned underwriting team, Sompo International Reinsurance's Surety business line offers proportional and excess of loss treaty programs on a worldwide basis. Our team also offers facultative surety programs (except in the U.S. and Canada). We offer significant capacity covering the following product lines: **Contract Surety, Commercial Surety** and **Fidelity – Financial Institution and Commercial (U.S. only)**.

Our focus is on accounts in the U.S., Europe, Asia-Pacific and Latin American markets. We seek long-term relationships where our value added services are seen as an enhancement to our clients' business. These services include assisting in preparing business plans, offering insights into the market, giving advice on improving operating efficiencies, and providing guidance throughout the underwriting process. Treaty programs are written on either a direct or brokered basis.

Target Classes

- International account writers
- National and regional companies
- Specialty operations

Underwriting Capabilities

- Highly experienced underwriting team offering consultative services, special acceptance reviews and portfolio audits as core services
